New Leaders Institute

## Look what 's coming to Seabury Hall

Announcing a leadership course for students at Seabury Hall. This is an opportunity for students to come together to experience leadership in a fun and experiential way. Conceived, developed and offered by a team representing careers in education, corporate management, non-profit and community service. The three day action packed course is designed for young people committed to creating change in their lives, and the lives of those around them. This innovative New Leadership approach will make a profound difference in the lives of participants and in the world they touch.
